SATURDAY, APRIL 27, 1872.

The town of Trenton is said to be improving very rapidly.

Many signs are reported by the doctors as indicating the recovery of the

Ex-President Johnson was present at the marriage of a daughter of Hon. J. C. Congdon at Hamilton, Ohio, a few days since.

May 1st is the last day of grace for the payment of special and income taxes before the penalty attaches.

May 10th will be observed as decoration day by the Confederate Memorial Society of Nashville.

Patriotism has had a bloodless day. Both principals failed to appear on the ground.

A town whose capitalists are money-lenders instead of manufacturers, will always be a poor town.

The Nashville Industrial Exposition building is finished, and various articles are being received for exhibition.

Dr. T. C. Lowman, of Dresden, died on the 5th inst. in the 73rd year of his age.

John A. Brinsford, a wood-chopper, was run over and killed by a locomotive near Clinton Station, Hickman county, last Sunday.

Grant will attend the Boston Peace Jubilee. He has his speech already written out and partially committed to memory. It is—let us have peace."

Mrs. Sykes and her two grown daughters live near Union City, and neither of them weigh over 50 pounds or is over 40 inches high. Their husband and father is of ordinary height.

Senator Brownlow has returned to his home in Knoxville. The *Press and Herald* says: "The Senator is reported to be in his usual health, and we understand does not contemplate returning to Washington again during the present session of Congress which will probably close in May."

**NEW YORK TO BE TERRORIZED**—Grant's idea is to re-elect himself by carrying Southern States by the use of the bayonet and Northern States by the force of money. The Rebels are encamped at Fort Levee, Long Island, in New York, but that is they have a majority in the city, and it is to return to the city. They have been making the rebellion more and more successful, and it is to be expected that the character of the men who run the city in military and political movements, in regard to their

affairs.

The *Interior Journal* says that the first white female child known to have been born in Kentucky, so far as Miss Whitley, a daughter of Col. William Whitley, formerly of Lincoln county, that the first white child born there was not born. Warren, in Kentucky, near the Lincoln county line. He is now 21 years old, and is a healthy, strong, well-grown child, and is to be expected that he will be a fine boy.

The election for the past twelve years has been a dead lock, and the people are divided into two parties, the Radical and the Conservative.

The Radical party is really in the minority, and the known fact that a large proportion of the Democratic have so far been unable to elect the Radical candidate, has been reported false, and still travelling. Hildbrand, however, persists in living down these reports of his failure to such an extent that nobody paid any attention to the stories concerning him. The consequence was that the report of his death, and the death of his son, Captain Hildbrand, in Pinkneyville, Ill., on the 21st of last month, was very generally discredited. Since that date several newspapers in localities where Hildbrand was still alive, the identification of Hildbrand, and the death of his son, in Pinkneyville, has, however, been established beyond a doubt.

A TIDAL WAVE IN ILLINOIS POLITICS—It is evident that no administration mass meeting will have to be held right away in Chicago, or else the whole Republican population of the state will be committing itself to the Cincinnati movement. Our Springfield correspondent gives the names of several prominent and influential public men, including the larger part of the state administration of Illinois, who have signed their sympathy with the movement. The most of these have expressed themselves since an opportunity was afforded them for signing the response to the Cincinnati call, and hence those names are additional to those now appended to that response. There seems to be a tidal wave sweeping over the West, which no old woman's broom of a packed convention's resolution is adequate to stay.—*Chicago Tribune*.

**Congressional Convention.** As the time is approaching when the Democracy of the various Congressional Districts will wish to decide upon the claims of the various aspirants for nomination, we will state that the power to call conventions is vested in the district committees. These committees consist of the chairman of the executive committee of the several counties comprising the districts. With this system of organization, the means of bringing about a nomination are very simple and effective.

**Our Railroad Southwest.** The Hickman Courier is advocating the construction of a railroad from the city of Hickman, south, through the counties of Obion and Dyer, Tennessee, to connect with the Holly Springs and Brownsville road. This is the true spirit in Hickman, which needs no connection, and her enterprising business men should second Warren in the movement and secure the road. But we ask our friend of the Courier, if there is not danger of being denounced as the "Englander" of a railroad ring? That is the way things are done here.—*Paducah Courier*.

Upon the contrary, we find that our citizens and city authorities heartily favor the enterprise; and when the proper time comes will liberally aid in building the proposed road.

**With the Democracy Divide?** The Radical Republican Convention is to meet in Cincinnati next Wednesday, and the result of its deliberations is to be decided upon as the deciding point of the approaching Presidential contest.

That this convention will represent a powerful influence may not be denied. The Radicals no longer scoff at these Radical Republicans. Such old Radicals as Greeley, Tribune, Gov. Palmer, Gov. Brown, Schurz, Benton, and a host of others who have heretofore been recognized in and out of the party as leaders are men of powerful influence, and must carry a large proportion of the Republican party with them in their opposition to Grant and Radicals.

A. MRS. MANLY, of Weakley county.

OUR young friend, John Dadds, has been appointed depot agent at Hickman, and Wm. Pryor, promoted to Superintendent.

THE receipts of freights at Hickman continue large—much larger than any previous year at this season.

WE hear this week of some more new houses to be erected in Hickman; but hereafter we shall make no such an announcement until the material and workmen are on the grounds. This rule is positive—unless an uncontrollable fit of enterprise seizes us.

SEAGAL & LANE have removed their Billiard Saloon to their new building, which is tastefully and handsomely arranged.

A CITY Marshal of Hickman is to be elected in August. Up to this time there is no candidate. Wm. Gardner, John Cole, and Wm. T. Lineback, are spoken of.

JUDGE A. D. Kingman delivered temperance lectures before Jordan Station and Union Church lodges last Saturday and Saturday night. A number of additions were made to these Lodges.

THE Doctors report the general health of this community improving.

THESE are several distilleries suffering families in Hickman. The attention of our Christian people is called to the fact. They are worthy objects of charity. Worthy people must not be permitted to suffer in a land of plenty.

THE Pulpit papers have been engaged in scenes of personal spots. The time, when editors were expected to sign for less notices than each have received, is passing, there is no danger now.

WE understand that our railroad managers will again put on a night passenger train to Hickman, soon.

THE present week has been favorable to our farmers, and planting has been going on rapidly. Two weeks more of such weather will put our farmers all right.

INTERESTING ITEM.—We congratulate the ladies of Hickman upon their good fortune in the arrival of Mrs. Norman and daughter of St. Louis, to teach the art of dress fitting and cutting by chart, by dress is meant all articles pertaining to a lady's apparel.
